

MARATHON DE LA ROCHELLE

SERGE VIGOT

INFORMATION - SANITARY PASS

We received a lot of messages from runners these last weeks regarding sanitary pass. We understand these questions and are going to answer clearly as possible.

For now, and until 2021, November 15, sanitary pass is mandatory for sport events.

After this date, sanitary pass may be still mandatory, but we don't know under which form or criteria. One thing is sure, we must apply governmental rules to organize La Rochelle Serge Vigot Marathon on 2021, November 28.

If sanitary pass is still mandatory when our event comes, this document must be shown by all, runners and spectators, during the Marathon week-end (no sending before the event)

We remind you that in case of a cancellation of the race due to Covid-19, you will be able to choose between a full refund or report of your registration. But if the event is maintained and if you are not in order with governmental rules, you will not be able to participate and none refund or report will be given.

With these information, we hope to help you make your decision regarding your participation in the race. We are looking forward to welcome you and share with you this 30th edition !
